Report of Principal and School Improvement Council

"Riverview's mission is to create a small, diverse learning community that actively engages students in meaningful and innovative learning experiences. Emphasizing learning by doing, family and community involvement, and engaged citizenship, Riverview is committed to nurturing the whole child and preparing each student for a global society.

Riverview's small, diverse learning community recognizes and values the whole child - cognitively, physically, socially, emotionally, aesthetically, and ethically - and provides educational opportunities for each dimension to grow and strengthen. By providing a setting that develops the natural learner in every child, Riverview supports children's creativity, curiosity, and individual needs, while preparing them to be responsible, engaged citizens able to be successful in a global society.

At each grade level, the curriculum teaches basic academic concepts and skills, interwoven with interdisciplinary 21st century themes, through real-life experiences. Riverview students are challenged to practice their academic, social, and emotional skills through service-learning projects they design and implement with community partners. Students develop their appreciation for the natural world through environmental education, guided experimentation, and fieldwork. They cultivate their natural artistic talents by actively participating in the visual and musical arts. Reading, writing, speaking and mathematics are investigated through hands-on experiences and student-initiated projects. Students will come to know the world, embrace its cultures, participate in world language studies, and learn its history through role-play, interactive media and simulations. A wellness-focused curriculum promotes physical activity and healthy eating habits. Media literacy, collaboration, technology, and creative problem-solving skills weave their way through all content areas and foster critical thinking.

Using experiential principles as our guide, Riverview employs a variety of research-based educational approaches to help students accomplish the South Carolina Academic Standards through meaningful learning experiences. The strategies include, but are not limited to: Service-Learning; 21st Century interdisciplinary themes; project-based learning; environmental education; reader's and writer's workshop; learner-centered, developmentally appropriate classrooms; integrated arts education; learning profiles; use of Garner's paradigm of multiple intelligences; theme-based learning projects; team teaching and collaboration; inter-class mentorship; inter-generational mentorship by family and community members; world language studies beginning in the early grades; field trips and field work; authentic, evidence-based assessments; academic, social and emotional goal setting; conferences with the teacher, parent, and student; and self-assessment and reflection for teachers and students.

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the Federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

Overall Weighted Points Total	97.3
Overall Grade Conversion	A

Index Score	Grade	Description
90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the states' expectations.

Accountability Indicator (Title I Schools)

Riverview Charter School has been designated as a:

	Title I Reward School for Performance - among the highest performing Title I schools in a given year.
	Title I Reward School for Progress - one of the schools with substantial progress in school subgroups.
	Title I Focus School - one of the schools with the highest average performance gap between subgroups.
	Title I Priority School - one of the 5% lowest performing Title I schools.
	Title I School - does not qualify as Reward, Focus or Priority School.
X	Non-Title I School - therefore the designations above are not applicable.
